

New Sports and Community Facilities at Newmarket College Playing Fields

Dear parents and prospective parents

I am writing to ask you to help us get planning permission for new sports and community facilities on the Newmarket College Playing Fields.

An application for the enhancement of the playing fields has been submitted and includes two new grass football pitches, a floodlit artificial grass pitch, the refurbishment of the tennis courts as a multi-use games area and new changing facilities.

We think these proposals will be great for our college, significantly improving sport and leisure facilities for students entering the College from 2013. They will also be available for use by the wider community.

This application is linked to delivery of the proposals for a new Sainsbury's store on the George Lambton Playing Fields and will only happen if both go ahead.

But to get planning permission we need your help. If you think the proposals are a good idea could you please write to Forest Heath Council and tell them you support both applications. The address to write to is; Rachel Almond, Forest Heath District Council, College Heath Road, Mildenhall, Suffolk IP28 7EY

You can view the applications on Forest Heath Council's website by entering the following references into the planning search: F/2011/0562/FUL and F/2011/0541/HYB. If you would like to know more, please contact info@sainsburys-newmarket.co.uk or phone on 0800 019 2054.

Thank you.

R. Cadwalladr, Principal of Newmarket College.
